To Whom It May Concern:

This is a letter of recommendation for Robert Dennis.

I teach an online economics class at Strayer University that every business student is required to take, *Principles of Economics* (ECO 100). In the Spring Quarter of 2024, Mr. Dennis finished the class with an A.

Mr. Dennis' academic performance was top-notch across the board. There are four ways to earn points in this class: weekly discussions, weekly quizzes, two Excel projects, and two research papers. Mr. Dennis made interesting and inciteful submissions in each of the online discussions. He also did extremely well on each of the weekly quizzes. He earned scores of 100% on each of the Excel projects and on each of the papers. His writing was clear and well-organized.

Regarding Mr. Dennis' character, I appreciated his effort, promptness, and integrity. He was a courteous and active participant in the class. He was especially encouraging and positive when interacting with classmates in the discussions.

I'm sure Mr. Dennis would be a strong addition to your school. If you have any questions, please feel free to contact me.

Sincerely,

David D. Smith, Ph.D.
